

Dear Community Partner,

Family Life Community School is a private Christian school offering a unique model of formal education. Our model of teaching affords the opportunity for a traditional classroom setting 3 days per week, while the remaining 2 days are reserved for homeschooling with parental control. This schedule creates a blended environment for parents to share in their children's learning while allowing students to also learn from teachers with years of teaching experience.

On behalf of our school, we want to THANK YOU for your donation to our 2017 Fundraising Auction and Banquet. We are proud of the event our auction has grown into over the past 19 years and are ecstatic that you decided to partner with us in support this year. The money raised is essential to help pay for the expenses of our school; and your contribution greatly aided that goal. As a non-profit Christian school, we depend on charitable contributions, such as yours, and fundraising to allow the school to operate. We believe that our commitment to academic excellence, the moral and social character development, and our reliance on Christian principles will create future leaders in our community and world.

Thank you for the part you have played to help us accomplish this vision.

**Your 2017 donation:**

---

With sincere gratitude,  
*The Fundraising Team*
